SPILLCHAMP 225 LITRE CHEMICAL SPILL KIT REFILL

Refill Kit for Large Chemical Spills

pittman[®]

OVERVIEW

Ideal for managing moderate spills, the SpillChamp 225 Litre Refill Pack is designed to restock your existing spill kit and ensure you're always prepared for hazardous incidents. Specifically created for use with the main kit, this refill does not include the grit bin.

Perfect for spills involving acids and other hazardous substances, this pack allows your team to respond quickly and safely. Refillable and reusable, it's a cost-effective way to keep your workplace ready for future spill emergencies.

Each kit absorbs approximately 225 litres and includes -

- 200 x chemical absorbent pads
- 6 x chemical absorbent sock
- 4 x PVC waste bag and tie
- 1 x PPE kit (including goggles and gloves)
- 1 x black/yellow barrier tape

PRODUCT FEATURES

- Refill kit - restock your current spill kit for repeat use
- Large capacity - suitable for larger localised chemical spills
- Waste bags and PPE included - safe and easy disposal of waste items
- Suitable for aggressive chemical, acid or solvent spills in labs, warehouses and manufacturing facilities

INSTRUCTIONS FOR USE

- 1. Acquire the spill kit:** Bring the kit to the spill location - it is recommended to have the kit close by to places prone to spills
- 2. Cordon spill area:** Prevent access to the area by using barriers or warnings to deter pedestrian entry
- 3. Apply PPE:** Ensure any cleanup staff wear gloves and goggles to avoid injury
- 4. Apply materials to spill:** Apply the pads and socks to the spill and allow to soak as long as necessary.
- 5. Disposal:** Use any included waste bags to dispose of waste material safely and efficiently
