SPILLCHAMP 240 LITRE MAINTENANCE SPILL KIT

Convenient Kit for Large Workplace Spills

pittman[®]

OVERVIEW

The Spillchamp 240-litre Maintenance Spill Kit Wheelie Bin is a comprehensive solution designed for handling large maintenance spills quickly and effectively. With its larger capacity and mobile design, this kit can be easily transported directly to spill sites, ensuring rapid response in busy work environments.

This kit includes high-performance absorbent pads and socks, specifically designed to tackle a variety of maintenance spills, such as oil, coolant, and other non-corrosive liquids.

Each kit absorbs approximately 240 litres and includes -

- 200 x universal absorbent pads
- 12 x universal absorbent socks
- 4 x PVC waste bag and tie
- 1 x PPE kit (including goggles and gloves)
- 1 x black/yellow barrier tape

PRODUCT FEATURES

- Robust HDPE bin - convenient wheelie bin for long-lasting storage and mobility
- Large capacity - suitable for larger localised spills
- Waste bags and PPE included - safe and easy disposal of waste items
- Refillable - reusable bin, refill with spill contents for repeat use
- Suitable for general workplace spills, including oils, solvents and other non-aggressive materials

INSTRUCTIONS FOR USE

- 1. Acquire the spill kit:** Bring the kit to the spill location - it is recommended to have the kit close by to places prone to spills
- 2. Cordoned spill area:** Prevent access to the area by using barriers or warnings to deter pedestrian entry
- 3. Apply PPE:** Ensure any cleanup staff wear gloves and goggles to avoid injury
- 4. Apply materials to spill:** Apply the pads and socks to the spill and allow to soak as long as necessary.
- 5. Disposal:** Use any included waste bags to dispose of waste material safely and efficiently
