SPILLCHAMP 475 LITRE CHEMICAL SPILL KIT REFILL

Refill Kit for Large Chemical Spills

pittman[®]

OVERVIEW

Perfect for large spill scenarios, the SpillChamp 475 Litre Spill Kit Refill provides everything you need to tackle significant spills quickly and safely. Packed with high-capacity absorbents and essential safety equipment, it's designed to handle up to 475 litres of liquid, ensuring your team is ready for any spill.

Built to complement your existing spill kit bin, this refill ensures your supplies remain effective and compliant. Ideal for hazardous spills, it helps streamline cleanups and minimise risks.

Each kit absorbs approximately 475 litres and includes -

- 400 x chemical absorbent pads
- 19 x chemical absorbent sock
- 6 x PVC waste bag and tie
- 1 x PPE kit (including goggles and gloves)
- 1 x black/yellow barrier tape

PRODUCT FEATURES

- Refill kit - restock your current spill kit for repeat use
- Large capacity - suitable for larger localised chemical spills
- Waste bags and PPE included - safe and easy disposal of waste items
- Suitable for aggressive chemical, acid or solvent spills in labs, warehouses and manufacturing facilities

INSTRUCTIONS FOR USE

- 1. Acquire the spill kit:** Bring the kit to the spill location - it is recommended to have the kit close by to places prone to spills
- 2. Cordon spill area:** Prevent access to the area by using barriers or warnings to deter pedestrian entry
- 3. Apply PPE:** Ensure any cleanup staff wear gloves and goggles to avoid injury
- 4. Apply materials to spill:** Apply the pads and socks to the spill and allow to soak as long as necessary.
- 5. Disposal:** Use any included waste bags to dispose of waste material safely and efficiently
